LEADER

Whether she's comforting deploying soldiers or pulling a wagon full of kids, Leader, a Rottweiler and certified Crisis Response Canine, has become a beloved member of the military community at Fort Eustis, Virginia. Since August 2023, she has volunteered more than 136 hours through the USO's Canine Therapy Dog program, regularly attending deployments, homecomings, and morale events. Her surprise visit to the USO's Friendsgiving dinner brought such joy that soldiers called home just to share that she was there.

FROM THE ARCHIVES

ROBIN WILLIAMS

"There's nothing I enjoy more than traveling with the USO and giving back to our troops in whatever way I can. They work hard, sacrifice a lot, and deserve to be treated like the heroes they are. The very least I can do is bring a smile to their faces."

Comedian Robin Williams embarked on six USO tours between 2002 and 2013, including five overseas. He visited service members in 12 countries, with multiple stops in both Iraq and Afghanistan, bringing laughter and connection to troops far from home.
